## **FOR IMMEDIATE RELEASE** **January 25, 2017**

**Naperville, IL** – The Turbine Inlet Cooling Association (TICA) is pleased to announce Complimentary TICA Membership for Gas Turbine Users.

TICA encourages gas turbine users to benefit from its limited time offer (available through June 30, 2017) of complimentary TICA membership for at least one year, and save from \$500 to \$1,000, depending on the type of business of the gas turbine user. TICA's current membership of 58 includes 32 gas turbine users. The TICA membership benefits for gas turbine users and the list of current gas turbine user members are available on the TICA website at <http://www.turbineinletcooling.org/gtusers.html>. The benefits for the gas turbine users include the following:

- Information, including webinars, on all turbine inlet cooling (TIC) technologies
- Full version of the TIC Performance Calculator (<http://turbineinletcooling.org/coolingcalculator.html>)
- Full version of the TIC Installation Database (<http://turbineinletcooling.org/database.html>)
- Access to experts for all TIC technologies ([http://turbineinletcooling.org/buyer/profile\\_main.html](http://turbineinletcooling.org/buyer/profile_main.html))
- Online Users' Forum (<http://turbineinletcooling.org/members/forum/>)
- Opportunities to impact TICA activities to reflect the needs of gas turbine users.

The TICA membership form is also available online at [http://www.turbineinletcooling.org/about/onlinemember\\_form.php5](http://www.turbineinletcooling.org/about/onlinemember_form.php5).

TICA also invites gas turbine users and operators, and others interested in gas turbine inlet cooling, to join the TICA group on LinkedIn (<https://www.linkedin.com/groups/4666350>) and Facebook (<https://www.facebook.com/search/top/?q=turbine%20inlet%20cooling%20association>) and start getting information about TICA activities discussions to get answers to your questions about turbine inlet cooling.

If you have any questions, please call 630-357-3960 or send us an e-mail at [exedir@turbineinletcooling.org](mailto:exedir@turbineinletcooling.org).

###

Turbine Inlet Cooling Association (TICA) is a non-profit trade association that promotes the development and exchange of knowledge related to gas turbine inlet cooling (TIC) for enhancing power generation worldwide. TIC provides a cost-effective, energy-efficient, and environmentally beneficial means to enhance power generation capacity and efficiency during hot weather.
