**FOR IMMEDIATE RELEASE**

**January 14, 2020**

**Naperville, IL** – The Turbine Inlet Cooling Association (TICA) is pleased to announce that during the 2020 Western Turbine Users Inc (WTUI) Conference (March 29<sup>th</sup> to April 1<sup>st</sup> in Long Beach, CA), TICA will be recognizing turbine users/owners/operators, who have demonstrated the successful implementation and use of at least one turbine inlet cooling (TIC) technology for the GE Aeroderivative gas turbines.

One award will be given for each TIC technology. The awardees must be present at the WTUI conference.

The nominations will be evaluated using the following criteria:

1. Total number of turbines using TIC (20%)
2. Total kW power increase due to TIC system (20%)
3. Percent increase in capacity by TIC (20%)
4. Ages of TIC installations, older the TIC system, better the score (20%)
5. Noteworthy/innovative details of the TIC system or its use (20%)

Each winning nominee will receive:

- A plaque to be displayed at the power plant
- Awardee name and system info will be posted on the TICA website
- Awardee name and its system highlighted in a TICA press release to industry publications
- Free 1-year TICA membership
- \$100 VISA gift card

**The deadline for submitting nominations is February 11, 2020**

1. Please complete all required information on the nomination form below and submit to Dharam Punwani, TICA Executive Director at [exedir@turbineinletcooling.org](mailto:exedir@turbineinletcooling.org)

**Turbine Inlet Cooling Award Nomination Form**
